Status of Participating Communities

IDENTIFICATION AND MAPPING OF SPECIAL HAZARD AREAS

Withdrawal of Flood Insurance Maps

Title 24—Housing and Urban Development

CHAPTER X—FEDERAL INSURANCE ADMINISTRATION, DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

SUBCHAPTER B—NATIONAL FLOOD INSURANCE PROGRAM

[Docket No. FI-2893]

PART 1914—COMMUNITIES ELIGIBLE FOR THE SALE OF INSURANCE

Status of Participating Communities

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final rule.

SUMMARY: The purpose of this rule is to list those communities where the sale of flood insurance is authorized under the National Flood Insurance Program. Flood insurance policies for property located in the communities listed can be obtained from any licensed property insurance agent or broker serving the eligible community, or from the National Flood Insurers Association servicing company for the state.

DATES: The date that appears in the fourth column of the table is the effective date of authorization for the sale of flood insurance.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or Toll Free Line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, DC 20410.

SUPPLEMENTARY INFORMATION: The Flood Disaster Protection Act of 1973 (Pub. L. 93-234) requires the purchase of flood insurance as a condition of receiving any form of Federal or federally related financial assistance for acquisition or construction purposes in a flood plain area having special hazards within any community identified for at least one year by the Secretary of Housing and Urban Development. The requirement applies to all identified special flood hazard areas within the United States, and no such financial assistance can legally be provided for acquisition or construction except as authorized by section 202(b) of the Act, as amended, unless the community has entered the program. Accordingly, for communities listed under this Part no such restriction exists, although insurance, if required, must be purchased.

The addresses of the National Flood Insurers Association servicing companies, where flood insurance policies can be obtained, are published at § 1912.5 (24 CFR Part 1912).

The Federal Insurance Administrator finds that delayed effective dates would be contrary to the public interest. The Administrator also finds that notice and public procedure under 5 U.S.C. 553(b) are impracticable and unnecessary.

Section 1914.6 of Part 1914 of Subchapter B of Chapter X of Title 24 of the Code of Federal Regulations is amended by adding in alphabetical sequence new entries to the table. In each entry, a complete chronology of effective dates appears for each listed community. The entry reads as follows:

§ 1914.6 List of eligible communities.

[Docket No. FI-2894]

PART 1914—COMMUNITIES ELIGIBLE FOR THE SALE OF INSURANCE

Status of Participating Communities

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final rule.

SUMMARY: The purpose of this rule is to list those communities where the sale of flood insurance is authorized under the National Flood Insurance Program. Flood insurance policies for property located in the communities listed can be obtained from any licensed property insurance agent or broker serving the eligible community, or from the National Flood Insurers Association servicing company for the state.

DATES: The date that appears in the fourth column of the table is the effective date of authorization for the sale of flood insurance.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or Toll Free Line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Flood Disaster Protection Act of 1973 (Pub. L. 93-234) requires the purchase of flood insurance as a condition of receiving any form of Federal or federally related financial assistance for acquisition or construction purposes in a flood plain area having special hazards within any community identified for at least one year by the Secretary of Housing and Urban Development. The requirement applies to all identified special flood hazard areas within the United States, and no such financial assistance can legally be provided for acquisition or construction except as authorized by section 202 (b) of the Act, as amended, unless the community has entered the program. Accordingly, for communities listed under this Part no such restriction exists, although insurance, if required, must be purchased.

The addresses of the National Flood Insurers Association servicing companies, where flood insurance policies can be obtained, are published at § 1912.5 (24 CFR Part 1912).

The Federal Insurance Administrator finds that delayed effective dates would be contrary to the public interest. The Administrator also finds that notice and public procedure under 5 U.S.C. 553(b) are impracticable and unnecessary.

Section 1914.6 of Part 1914 of Subchapter B of Chapter X of Title 24 of the Code of Federal Regulations is amended by adding in alphabetical sequence new entries to the table. In each entry, a complete chronology of effective dates appears for each listed community. The entry reads as follows:

[Docket No. FI-2895]

PART 1914—AREAS ELIGIBLE FOR THE SALE OF INSURANCE

Suspension of Community Eligibility

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final rule.

SUMMARY: The purpose of this rule is to list communities where the sale of flood insurance as authorized under the National Flood Insurance Program will be suspended because of noncompliance with the program regulations.

DATES: The last date that appears in the fourth column is the effective date of the suspension of the sale of flood insurance.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or Toll Free Line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Flood Disaster Protection Act of 1973 (Pub. L. 93-234) requires the purchase of flood insurance as a condition of receiving any form of Federal or federally related financial assistance for acquisition or construction purposes in a flood plain area having special hazards within any community identified by the Secretary of Housing and Urban Development.

The requirement applies to all identified special flood hazard areas within the United States, and no such financial assistance can legally be provided for acquisition or construction in these areas unless the community has entered the program and insurance is purchased. Accordingly, for communities listed under this Part such restriction exists as of the effective date of suspension because insurance, which is required, cannot be purchased.

Section 1315 of the National Flood Insurance Act of 1968, as amended (42 U.S.C. 4022) prohibits flood insurance coverage as authorized under the National Flood Insurance Program (42 U.S.C. 4001-4128) unless an appropriate public body shall have adopted adequate flood plain management measures with effective enforcement measures. The communities suspended in this notice no longer meet that statutory requirement for compliance with program regulations (24 CFR Part 1909 et seq.). Accordingly, the communities are suspended on the effective date in the list below.

The Federal Insurance Administrator finds that delayed effective dates would be contrary to the public interest. The Administrator also finds that notice and public procedure under 5 U.S.C. 553(b) are impracticable and unnecessary.

Section 1914.6 of Part 1914 of Subchapter B of Chapter X of Title 24 of the Code of Federal Regulations is amended by adding in alphabetical sequence new entries to the table. In each entry, a complete chronology of effective dates appears for each listed community.

The entry reads as follows:

§ 1914.6 List of eligible communities.

State	County	Location	Effective date of authorization of sale of flood insurance for area	Hazard area identified	Community No.

PART 1914—COMMUNITIES ELIGIBLE FOR THE SALE OF INSURANCE

Status of Participating Communities

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final rule.

SUMMARY: The purpose of this rule is to list those communities where the sale of flood insurance is authorized under the National Flood Insurance Program.

Flood insurance policies for property located in the communities listed can be obtained from any licensed property insurance agent or broker serving the eligible community, or from the National Flood Insurers Association servicing company for the state.

DATE: The date that appears in the fourth column of the table is the effective date of authorization for the sale of flood insurance.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or Toll Free Line 800-424-8872, Room 5270, 451 Seventh Street, Southwest, Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Flood Disaster Protection Act of 1973 (Pub. L. 93-234) requires the purchase of flood insurance as a condition of receiving any form of Federal or federally related financial assistance for acquisition or construction purposes in a flood plain area having special hazards within any community identified for at least one year by the Secretary of Housing and Urban Development. The requirement applies to all identified special flood hazard areas within the United States, and no such financial assistance can legally be provided for acquisition or construction except as authorized by section 202(b) of the Act, as amended, unless the community has entered the program. Accordingly, for communities listed under this Part no such restriction exists, although insurance, if required, must be purchased.

The addresses of the National Flood Insurers Association servicing companies, where flood insurance policies can be obtained, are published at § 1912.5 (24 CFR Part 1912).

The Federal Insurance Administrator finds that delayed effective dates would be contrary to the public interest. The Administrator also finds that notice and public procedure under 5 U.S.C. 553(b) are impracticable and unnecessary.

Section 1914.6 of Part 1914 of Subchapter B of Chapter X of Title 24 of the Code of Federal Regulations is amended by adding in alphabetical sequence new entries to the table. In each entry, a complete chronology of effective dates appears for each listed community. The entry reads as follows:

Issued: May 12, 1977.

J. ROBERT HUNTER,
Acting Federal Insurance Administrator.

[FR Doc.77-15927 Filed 6-7-77;8:45 am]

[Docket No. FI-2877]

PART 1915—IDENTIFICATION AND MAPPING OF SPECIAL HAZARD AREAS

Withdrawal of Flood Insurance Maps

AGENCY: Federal Insurance Administration, HUD.

ACTION: Final rule.

SUMMARY: The purpose of this rule is to list communities where Flood Insurance Rate Maps or Flood Hazard Boundary Maps published by the Federal Insurance Administration have been temporarily withdrawn. The list also includes the date that each map was withdrawn, and the effective date of its republication if the map has in fact been republished. During the period that the map is withdrawn, the insurance purchase requirement of the National Flood Insurance Program (as described below) was suspended.

DATE: The effective date of withdrawal is the date that appears in the fifth column of the table.

FOR FURTHER INFORMATION CONTACT:

Mr. Richard Krimm, Assistant Administrator, Office of Flood Insurance, 202-755-5581 or Toll Free Line 800-424-8872, Room 5270, 451 Seventh Street SW., Washington, D.C. 20410.

SUPPLEMENTARY INFORMATION: The Flood Disaster Protection Act of 1973 (Pub. L. 93-234) requires the purchase of flood insurance on and after March 2, 1974, as a condition of receiving any form of Federal or federally related financial assistance for acquisition or construction purposes in an identified flood plain area having special flood hazards that is located within any community participating in the National Flood Insurance Program. The denial of such financial assistance has no application outside of the identified special flood hazard areas of such flood-prone communities.

One year after the identification of the community as flood prone, the requirement applies to all identified special flood hazard areas within the United States, so that, after that date, no such financial assistance can legally be provided for acquisition and construction in these areas unless the community has entered the program.

The prohibition, however, does not apply to loans by federally regulated, insured, supervised or approved lending institutions (1) to finance the acquisition of a residential dwelling occupied as a residence prior to March 1, 1976, or one year following identification of the area within which such dwelling is located as an area containing special flood hazards, whichever is later, or made to extend, renew, or increase the financing or refinancing in connection with such a dwelling, (2) to finance the acquisition of a building or structure completed and occupied by a small business concern, as defined by the Secretary, prior to January 1, 1976, (3) any loan or loans, which in the aggregate do not exceed $5,000, to finance improvements to or rehabilitation of a building or structure occupied as a residence prior to January 1, 1976, or (4) any loan or loans, which in the aggregate do not exceed an amount prescribed by the Secretary, to finance nonresidential additions or improvements to be used solely for agriculture purposes on a farm.

Prior to July 1, 1975, the statutory requirement for the purchase of flood insurance did not apply until and unless the community entered the program and the special flood hazard areas were identified by the issuance of a flood insurance map. However, after July 1, 1975, or one year after identification, whichever is later, the requirement applies to all communities in the United States that are identified as having special flood hazard areas within their community boundaries, so that, no such financial assistance can legally be provided for buildings in these areas unless the community has entered the program.

The insurance purchase requirement with respect to a particular community may be altered by the issuance or withdrawal of the Federal Insurance Administration's (FIA's) official flood maps, the Flood Insurance Rate Map (FIRM) or the Flood Hazard Boundary Map (FHBM). A FHBM is usually designated by the letter "H" preceding the map number and a FIRM by the letter "I" preceding the map number. If the FIA withdraws a FHBM for any reason the insurance purchase requirement is suspended during the period of withdrawal. However, if the community is in the Regular Program and only the FIRM is withdrawn but a FHBM remains in effect, then flood insurance is still required for properties located in identified special flood hazard areas, but the maximum amount of insurance available for new applications or renewal is first layer coverage under the Emergency Program, since the community's Regular Program status is suspended while the map is withdrawn. (For definitions see 24 CFR Part 1909 et seq.).

As the purpose of this revision is the convenience of the public, notices and public procedure are unnecessary, and cause exists to make this amendment effective June 8, 1977. Accordingly, Subchapter B of Chapter X of Title 24 of the Code of Federal Regulations is amended as follows:

1. Present § 1915.6 is revised to read as follows:

§ 1915.6 Administrative withdrawal of maps.

(a) *Flood hazard boundary maps (FHBM's)*. The following is a cumulative list of withdrawals pursuant to this part:

40 FR 5149	41 FR 1478
40 FR 17015	41 FR 50990
40 FR 20798	41 FR 13352
40 FR 46102	41 FR 17726
40 FR 53579	42 FR 8895
40 FR 56672	42 FR 29433

(b) *Flood insurance rate maps (FIRM's)*. The following is a cumulative list of withdrawals pursuant to this part:

40 FR 17015
41 FR 1478

2. The following additional entries (which will not appear in the Code of Federal Regulations) are made pursuant to § 1915.6:

Reasons for Recindment

1. The Community appealed its flood-prone designation and FIA determined the Community would not be inundated by a flood having a one-percent chance of occurrence in any given year.

1A. FIA determined the Community would not be inundated by a flood having a one-percent chance of occurrence in any given year.

2. The Flood Hazard Boundary Map (FHBM) contained printing errors or was improperly distributed. A new FHBM will be prepared and distributed.

3. The Community lacked land-use authority over the special flood hazard area.

4. A more accurate FIA map is the effective map for this community.

(National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968), effective Jan. 28, 1969 (33 FR 17804, Nov. 28, 1968, as amended, 42 U.S.C. 4001-4128; and Secretary's delegation of authority to Federal Insurance Administrator, 34 FR 2680, Feb. 27, 1969.)

Issued: April 18, 1977.

J. Robert Hunter,
Acting Federal Insurance Administrator.
